

# THE HOLTS IN CHILE

## Chile 20

### Month Project

Our first church is now fully independent and autonomous - which means among other things, they pay all their own bills! This is a crucial part of

the goal of missions. It's also very exciting to see our second and third churches move quickly in the same direction. **In each church, these young**

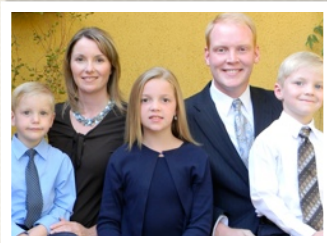

**Christians are already giving an average of \$500 a month in tithes and offerings!** We've developed an 20 month plan to help these churches reach the goal of being 100% self-sustaining. Each month we will lower our support by \$20 as the local people assume \$20 dollars more of the financial responsibility. This gradual weaning process will give them time to mature and grow. Pray with us about partnering with these two churches.

### Our plan to reach the goal & how you can help

**We only need \$8,400 to fully fund the 20 month project! All gifts can be sent to "Chile 20 Month Project" at the support address below.**
